

Appendix 9.3

Ecology and Nature Conservation – Baseline
Information Requests

Source	Baseline Information Requested	Response Received / Baseline Information Obtained
Amphibian and Reptile Group of South Lancashire	20 July 2011 Details of any amphibian and reptile species records within 2 km of the application site boundary	27 July 2011 No records of amphibians or reptiles held for the requested search area
British Trust for Ornithology	11 May 2011 Details of any ornithological species records within 2 km of the application site boundary	23 May 2011 Offered to undertake a data search. However, offer declined as all data ordered from Fylde Bird Club, who stated that they would have all records held by the British Trust for Ornithology
Butterfly Conservation Trust (Lancashire Branch)	11 May 2011 Details of any species records within 2 km of the application site boundary	12 July 2011 Butterfly records provided
Environment Agency	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	14 July 2011 Protected / notable species records provided
Fleetwood Museum	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	6 June 2011 Forwarded request onto previous natural history curator. However, no response received
Fylde Bird Club	11 May 2011 Details of any ornithological species records within 2 km of the application site boundary	6 June 2011 Provided 57,000 records (gross) within 1 km of the application site boundary, including pre-2009 records
Lancashire and Cheshire Fauna Society	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	6 June 2011 Forwarded our request onto Lancashire Bird Recorder
Lancashire Badger Group	11 May 2011 Details of any badger records within 2 km of the application site boundary	30 June 2011 Badger records provided
Lancashire Bird Recorder	11 May 2011 Details of any ornithological species records within 2 km of the application site boundary	12 May 2011 Nothing to add to data held by Fylde Bird Club

Source	Baseline Information Requested	Response Received / Baseline Information Obtained
Lancashire County Council (Lancashire Environment Record Network)	11 May 2011 Details of any non-statutory conservation designations within 1 km of the application site boundary and protected / notable species records within 2 km of the application site boundary	13 June 2011 Provided GIS datasets for Biological Heritage Sites, Sites of Special Scientific Interest, nature reserves and moths. Also provided citations of the Biological Heritage Sites and records of protected / notable species
Lancashire Marine Conservation Society	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	No response received
Lancashire Moth Group	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	12 May 2011 The Moth Group now supplies all its data direct to the Lancashire County Council and all requests should therefore be made directly to them
Marine Management Organisation	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	No response received
Maritime and Coastguard Agency	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	No response received
Natural England	24 November 2010 GIS file of the newly designated sites in the Irish Sea	24 November 2010 GIS file provided
	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	31 May 2011 Natural England does not routinely hold detailed information on the distribution of species and habitats. Suggest contacting the Lancashire Environment Record Network
	16 May 2011 GIS data for all SPAs, SACs, Ramsars and SSSIs	17 May 2011 GIS data provided

Source	Baseline Information Requested	Response Received / Baseline Information Obtained
North Lancashire Bat Group	11 May 2011 Details of any bat species records within 2 km of the application site boundary	4 July 2011 No records to add to those previously provided 2 May 2009
North West Sea Fisheries Committee (became the North Western Inshore Fisheries and Conservation Authority on 1 April 2011)	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	3 June 2011 No data collected and kept by the Sea Fisheries Committee on protected / notable species in the district
Royal Society for the Protection of Birds (RSPB)	11 May 2011 Details of any ornithological species records within 2 km of the application site boundary	16 May 2011 No data held beyond WeBS counts. Fylde Bird Club confirmed that all WeBS counts from relevant count sites will be included in their data
Sea Fisheries Inspectorate	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	16 May 2011 Do not hold any such data for the Fleetwood area
Wildfowl and Wetlands Trust	11 May 2011 Details of any ornithological species records within 2 km of the application site boundary	No response received. However, Fylde Bird Club stated that it would be highly unlikely that WWT Martin Mere would hold any records pertaining to the site that the Fylde Bird Club don't have
Wildlife Trust for Lancashire, Manchester and North Merseyside	11 May 2011 Details of any non-statutory conservation designations and protected / notable species records within 2 km of the application site boundary	18 May 2011 The Lancashire Environmental Records Network should hold all relevant records. Live dormouse recently recovered from a farm in Pilling.
Wyreside Ecology Centre	11 May 2011 Details of any protected / notable species records within 2 km of the application site boundary	No response received
